

SOUTHWIND FOODS AT A GLANCE

OUR PURPOSE

We strive to help our customers sell more product, our commitment entails procurement, processing and delivering sustainably sourced seafood and other proteins. Product innovation in value added processing, packaging, and solutions is an additional value we deliver to our customers.

Our brands provide customized solutions, driven by connecting our global network of processors with our domestic customer base. Southwind Foods is not just a supply or source, we are a supply partner; utilizing our strength both globally and domestically.

Together we deliver Integrity, Quality, Service, Selection, and Value.

MEET YOUR NEEDS

Our 160,000 square-foot facility in Carson, California, meets BRC Global Standard and is HACCP approved for processing, storage, and distribution. To support our business nationwide, we have offices in New York, Houston, Seattle, Nashville, and Phoenix, along with processing and distribution facilities in Salt Lake City and Las Vegas. Southwind Foods is highly dedicated to quality products and service, making a difference for your business.
